

Imaging and Interpretation.....

Rock garden, "Ryoanji" Zen Temple, Kyoto

The 8th SEGJ International Symposium - Imaging and Interpretation -

November 26-28, 2006

Kyoto University Clock Tower Centennial Hall,
Kyoto, Japan

Pre-registration deadline: Oct 30, 2006.

Sessions:

1. Sensors and Acquisition Technologies
2. Seismic/Geodetic Imaging Technologies
3. EM/GPR Imaging Technologies
4. Data Processing/Signal Processing
5. Laboratory/Scaled Geophysics
6. Multi-scale Imaging/Interpretation Methodologies
7. Spatial/Time-Lapse Data Management
8. Reservoir Characterization
9. Shallow/Near-Surface Structural Applications
10. Regional/Global Structural Applications
11. Disaster Mitigation Applications
12. Imaging/Interpretation Frontiers

Sponsor:

The Society of Exploration Geophysicists of Japan (SEGJ)

Cosponsors:

The Korean Society of Exploration Geophysicists (KSEG)
The Australian Society of Exploration Geophysicists (ASEG)
The Society of Exploration Geophysicists (SEG)
European Association of Geoscientists and Engineers (EAGE)
Environmental and Engineering Geophysical Society (EEGS)
Vietnam Association of the Geophysicists (VAG)

Chairperson:

Motoyuki Sato (SEGJ) sato@cneas.tohoku.ac.jp

International Advisory Committee:

Yoonho Song (KSEG) song@kigam.re.kr

James Cull (ASEG) Jim.Cull@sci.monash.edu.au

Lawrence Gochioco (SEG)

lmgochioco@geonanotechnology.com

Kees Wapenaar (EAGE) c.p.a.wapenaar@ctg.tudelft.nl

Barbara Luke (EEGS) bluke@egr.unlv.edu

Cao Dinh Trieu (VAG) vag-seg@fpt.vn
